

TIPS 101-CURRICULUM ARRIVAL

The K12 curriculum boxes are arriving.....what next?

1. Sort and separate boxes by student name as boxes are addressed to them.
2. Open up boxes and find Packing Slip. Check off all items on the packing slip that you have received. Highlight those items you have not received. Keep this packing slip in a safe place.
3. On packing slip some items may be listed as on backorder. K12 will ship these as soon as available. Wait at least 7 days for a backorder shipment.
4. If backordered items have not been delivered within 7 days, contact your LVS Education Specialist.
5. Designate a place to store school items for easy access and clean up.
6. It is highly encouraged to organize materials by student and label so your child can locate and retrieve materials independently when a lesson begins.
7. Collect all Teacher Guides. Read through K12 Course Introductions and Course Instruction Guides. Second grade teacher guides are all accessed online so you will not receive any of those. However, you can expect teacher guides for the following courses:

Phonics K & Phonics 1
Handwriting without Tears K-3
Language Skills 3-8
Literature 3-8
Spelling 3-8
Math 4-8
Science 4-8
History 4-8
Art 4-8
